

Dear Parents/Carers,

We're pleased to let you know that we're now using Doodle with your child's class!

Initially, this will be a 'trial period' up to 23rd December, but depending on demand, impact and use, this is something we can look at using in the future to help support your child(ren) learning at home.

A little bit about Doodle:

Doodle builds confidence and ability in spelling, times tables, maths and English by creating every child a personalised work programme tailored to their strengths and weaknesses. Using Doodle for just **10 minutes a day** is proven to help children make three months of progress in just one month!

How to get started:

1. Watch this video with your child/ren:

<https://videos.doodlelearning.com/watch/YQXm6ax3vhFeBHPp7H89SG?>

2. Download all the Doodle apps (DoodleMaths, DoodleTables, DoodleEnglish and DoodleSpell) onto an Apple, Android or Amazon device. You can also log in by visiting students.doodlelearning.com/ on a laptop or desktop. Follow the instructions in the video above to log in.

3. Use the username and password provided by your child's teacher to log in.

Support for parents and carers:

Link your email address to your child's account by visiting parents.doodlelearning.com, hovering over Myaccount and clicking on Child details. Then, press the Link to my child's school account box on the left-hand side of the screen.

Once you've connected your account, you'll then be able to view your child's progress by visiting parents.doodlelearning.com or downloading the free DoodleConnect app on Apple and Android devices.

If you have any questions, please visit help.doodlelearning.com to view our bank of help articles, or click on the green circle icon on doodlelearning.com or parents.doodlelearning.com to chat to our team.

Your child(REN) should have their username and password stuck into their reading diaries 👍

Happy Doodling!
