Residential Parents Questionnaire

At St. Edmund's, we believe that educational visits and residential experiences are an important part of our vision:

"...a journey to discover life in all its fullness" (John 10:10).

Residential visits help children develop independence, resilience, confidence, teamwork and lifelong memories.

As part of our ongoing review of school provision, we would like to gather the views of parents and carers regarding our current residential program and explore possible future options.

Your feedback will help school leaders and governors make informed decisions that balance educational opportunities with affordability for families.

Please click on the link below to access the survey. Thank you in advance for taking the time to complete this survey.
